

**The lowest cost PCs in the world  
just got more affordable!**

**Over 1 Million sold.**

## **The NComputing and IsiLinkit Internet Café Solution pack!!**

### **6-Users Virtual Desktop Internet Café System:**

- *Bundle incl Optima E6500 PC (2.9Ghz, 2GB RAM, 250GB HDD), 6 Acer 19"LCD Monitors, 6 PS2 KB/Mice, 1 X550 kit, Internet Billing software*
- Equivalent to: **K1330 per seat** + licensing

Today's PCs are so powerful that the vast majority of people use only a small fraction of their available computing power. Building on the global success of the award-winning X550, the new X550 taps the unused capacity of PCs so that up to six users can simultaneously share a single PC. Each user gets their own virtual workspace (applications, settings, files, and preferences), but at a fraction of what it would cost with individual computers. So even though six people share a single system, they each get their own rich PC experience and internet sharing.

### **Inside every X550 bundle:**

- 6-User Virtual Desktop System:
- Bundle incl Optimas E6500 PC
  - 6 Acer 19" Monitors
  - 6 PS2Mice
  - 1 X550 kit
  - 1 UPS
  - Internet billing software

Equivalent to: **K1330 per seat** + licensing.

**Dealer Price: K11350\***

\*All prices are ex GST and valid until stocks last.

## Key features & benefits

- Share one PC with 6 users
- Slash acquisition & support costs up to 70%
- Easy to set up, maintain & secure
- Compact and reliable (no fans or disks)
- Energy efficient (1 watt per user)
- Supports standard applications including multimedia and full-screen video
- Connect users directly to the shared PC using standard cables up to 10 m (33 ft) long
- Includes powerful vSpace™ desktop virtualization software, 5-port PCI card & 5 XD2 access devices
- Includes True Café Internet Billing Software

### These are extremely attractive multi-user packages providing:

- 50% savings in hardware (using virtual desktop technology)
- 70% savings in management (only 1 host to maintain)
- 90% savings in operation (power/energy)
